

Malvern College Hockey & Netball Tour to the Barbados July 2025

To: Parents of Pupils in current Foundation Year to Lower Sixth (Year Groups 9–12)

After careful consideration we are delighted to announce that Malvern College will be organising a ten-day Girls' Hockey and Netball Tour to Barbados from 4 July to 13 July 2025 with Inspire Sport for current FY, Remove, Hundred and Lower Sixth girls.

Barbados is an excellent destination for a sporting tour of this nature offering good calibre opposition in both sports as well as the fabulous sightseeing and cultural activities that this beautiful island has to offer.

To ensure that the girls are ready to embark on the challenge during our off-season we would be expecting them to commit to a well-structured programme of training sessions in the lead up to our departure. It is hoped that most girls will play both sports whilst in Barbados, but there is also the opportunity for the girls to select one sport they would like to play, if they so prefer.

The package we have organised through Inspire Sport includes all transport, flights, accommodation (air conditioned), meals, tour kit, insurance, suitcases, baggage allowance and the following specific aspects of the itinerary:

- 3 x Sports fixtures per sport for each team
- Catamaran Cruise
- Island Safari 4WD experience
- Harbour Lights Beach Extravaganza
- Boatyard Beach Day

The cost of the tour will be approximately £2,950 which has been calculated on a touring party of 40 students and 5 staff but at this stage we do not want to limit numbers and hope there is a large uptake as it is the first international tour for some time. However, please be aware that there might be some slight changes to the overall cost in the interim depending on the exact cost of flights, fuel, surcharges, taxes etc.

If your daughter is interested in this fantastic opportunity, please return the attached reply slip using the link below and an initial deposit of £550 to be paid via BACS (details below) by Monday 18th March 2024 when a decision will be made about whether the tour is viable and the exact numbers who will make up the touring party.
