Malvern College Academic Scholarship Examinations 2023

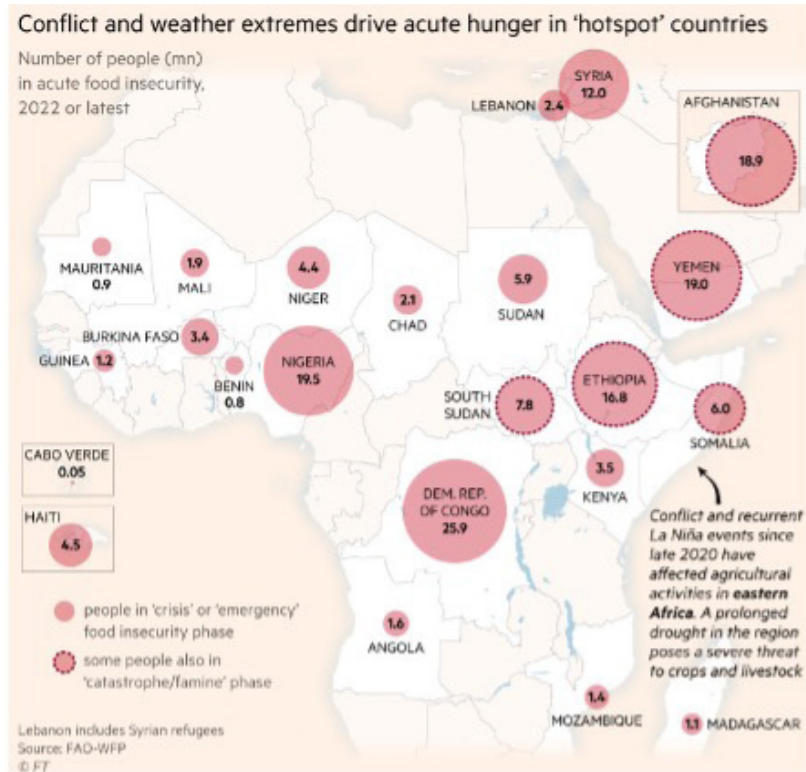

GEOGRAPHY

Please read this information before the examination starts:

- Please answer **all** the questions in Part A and Part B and **one** essay question in Part C.
- You are advised to spend 10-minutes on Part A; 20-minutes on Part B; and 30-minutes on Part C.
- The marks are listed by each question. The total mark available for this paper is 50.

PART A

Answer questions 1a-1d below. It is anticipated that this section should take you about ten minutes.

1 a) Which country in the map above has the highest number of people living in acute food insecurity? (1 mark)

1 b) Using the map above describe the distribution of people living in acute food insecurity? (3 marks)

1c) Using the resource above explain two reasons for the pattern described in your answer above. (2 marks)

1d) Why does it be argued that this map does not give a true reflection of the food insecurity situation within the continent of Africa? (1 mark)

PART B

Answer questions 2 a-c below.

It is anticipated that this section should take you about 20 minutes.

2 a) How is technology useful in studying Geography? (6 marks)

2) b) Explain why you might use a questionnaire in Geographic fieldwork? (6 marks)

continues over page

2 c) Explain how maps have helped improve your understanding of a Geographic topic you have studied? (6 marks)

PART C

PART C

Answer one of the following essay titles. Credit will be given for reference to place specific case studies. Each essay is out of 25 marks.

It is anticipated that you will spend about 30 minutes on this section.

1. The global population hit 8 billion this year. Discuss the view that there are now too many people in the world.
2. The Emergency Event Database recorded 357 catastrophic floods around the world in 2021. Discuss the view that the only way we can prevent these events is via strategies to reduce the impact of climate change.
3. Volcanoes are the most dangerous type of natural hazard. Discuss this point of view.
4. Globalisation has had a great impact on where things are made. Discuss this point of view.
5. Urban areas have many opportunities and challenges. Discuss this statement with reference to cities at different levels of development.
